## Short Note

Founded on May 15, 1990 by Dr. Md. Sabur Khan, Daffodil Family is the leading ICT conglomerate and the largest education provider in Bangladesh. Daffodil took its first teetering steps with Daffodil Computers Ltd, (DCL) the first public listed ICT Company in the country. Our efforts and innovation in the last few years have brought us a global reputation as the outstanding solution provider in the country.

Today, Daffodil Family has over 54 concerns in four areas: ICT, education, the health care sector, and investment. We are now operating in several major divisions and cosmopolitan areas in Bangladesh as well as internationally (in the UK, USA, Australia and Malaysia) with networks and links worldwide. We are committed to ensuring quality education, modern ICT Solution and services, affordable health care services and creating investment opportunities to the country.

Since its establishment Daffodil Family has positively impacted millions of people's lives through ICT & Education, Skill Development, Health Care Services, Developing Entrepreneurs and strengthening all the support services required for the Society & Community. Presently Daffodil Family is contributing in the sustainable development goal to enact positive changes in the society and community. During the COVID time, the Daffodil Family put highest effort to find solutions of new normal situations and brought solutions to keep the education, business, healthcare services uninterrupted.

## Vision

To become globally benchmarked Education, IT, Investment and Health Care Services provider and young entrepreneurs' hub!

## Values

- We create Leaders
- Provide solutions not Problems
- Respect to others
- Accountability in Actions
- Empathetic in Culture
- We Speak the truth, work with honesty, keep the promise
- We embrace the change
- We believe in Innovation & Collaboration

## Leaders @Daffodil Family

The Daffodil Family has a solid channel of talents. We are developing leaders from the frontline to top executive position. We have created an environment where leadership capacities are automatically transmitted to the next level leader to serve the organization. Every individual member of the family gets inhouse training in technology uses, IT, Soft skills and hard skills. Also they get the mentorship from their supervisor. The founder of Daffodil Family always allowed his colleagues to work with 100% freedom and that is one of the best practices in Daffodil Family

# Innovation & Entrepreneurship Development Effort

**Daffodil Family, the Best Entrepreneurs Hub, Where Talents Meet the Industry or “Innovation turns into Invention”.**

**Our initiative to Develop Entrepreneur Developed with the following events:**

## Creating 2000 Entrepreneurs

Creating 2000 Entrepreneurs is the first ever Entrepreneurship development mega project in Bangladesh. The Honorable Chairman of Daffodil Family initiated this project as the President of DCCI where Daffodil International University supported it unconditionally through knowledge sharing and nurturing the startups.

Daffodil International University is hosting “Get in the Ring” the international competition which is also known as the Olympic for start-ups in affiliation with Kaufman Foundation. The intention is to take the national talents to international level.

**daffodil**  
**STARTUP**  
**Market**

The ‘Daffodil Startup Market’, a student-run bazaar, has been hosted by the Daffodil International University (DIU). It is a platform for students to run small businesses and learn from those experiences.

To generate financial literacy and developing entrepreneurs Daffodil family has been celebrating Global Money Week along with 160 countries worldwide in association with Child & Youth Finance International.

## HULT PRIZE

Daffodil International University has been selected to host local event of Hult Prize, world's largest student competition for the creation of new social businesses. The idea is to give platform to its students and also to address a social problem with a solution.

### Creating 500 Entrepreneurs in Next Five Years

Department of Entrepreneurship has taken an initiative to develop 500 new Entrepreneurs (30 percent women entrepreneurship) in the country within next 5 years under the project titled "Are You the Next Startup?!"

## Promoting Social Business

Daffodil International University is in Social Business Movement since 2011. The university has established the Yunus Social Business Centre with MoU with Yunus Centre and created online platform for training students in Social Businesses. Also, developed Social business Design Lab, Social Business Game, inaugurated Certificate Courses, Summer Programs and Exposure Programs.

## Support from Financial Institutions in Good Works

The reputation that Daffodil Family has achieved during the past years is an intangible asset for the organization. The trust has been achieved from the different stakeholders in different sectors at national and international level for different initiative, actions and contributions which means Daffodil Family has the ability to deliver value outcomes to multiple stakeholders. During the past years Daffodil Family has got support for its different initiative from different financial institutions like IDB, HSBC, SCB, Mercantile Bank, DBBL, FSIBL, IBBL and many more and it was possible for its commitment and responsiveness.

## Future Focus

### innovationhub

We are moving towards a time where problem-solving, creative thinking, digital skills and collaboration are in greater need. Focusing on global trend Daffodil Family is spending in technologies related to the Internet of Things, Robotics, Block Chain, Artificial Intelligence, Virtual and augmented reality. Also welcome partners to collaborate in this initiative for ensuring sustainable development of the country

Daffodil Family is creating a megaproject with ultra-modern facilities, 'Daffodil Innovation and Industrial Park (DIIP)', to be set up in Gozaria on the Dhaka-Chittagong highway on 15 acres of land.

### Community Clinic

Daffodil Family has a vision to set up a Community Clinic to serve those parts of society which need it most. The initiative has been taken to ensure premiere health care services and education to every single person who requires it

### Medical College & Nursing Training Center

Daffodil Family is planning to set up a Medical College/Nursing Training Center in the commitment of providing contemporary medical education programs that will produce skilled and compassionate Physicians/Nursing Staffs and fill the demand of dedicated and ethical medical professionals of the country.

### Focus on New Technologies

Innovation Lab has been set up to focus and take strategic direction to develop the product, services, education systems considering the changing landscape of future time. As part of this, Daffodil Family is setting up STEM lab in all of its education ventures so that students can get skilled in Science, Technology, Engineering and Mathematics which is the demand of this time

### Smart Education City

Daffodil Family dreams to develop a self-sustaining, modern and completely digitized and technology driven education city with a view to capitalizing on every aspect of the higher education eco-system. It will be the first of its kind in this region and will be destination for total education systems (PG to PG) for every discipline, health care and recreation.

This charitable effort is the vision of The Daffodil Group founder, Mr. Md. Sabur Khan. Daffodil Foundation aims to address the difficulties and basic needs of poor and underprivileged people in Bangladesh. The Foundation was set up in 2004 and registered on the Joint Stock Companies of Bangladesh under Society Registration Act 1860. Since then, we have begun projects in areas like: education, training, health issues, women rights and empowerment, and many more. We are trying not only to bring opportunities to the poor but also to solve their issues in new and imaginative ways. We are now inviting people and organizations to make a joint effort with us to ensure secure and satisfying lives for the peoples and giving effort to remove poverty from the nation.

# Projects of Daffodil Family

The authority of Daffodil International University is going to start a new school & college under the university management at Daffodil Smart City, Ashulia, Dhaka.

The main objective of this School and College is to provide quality education for the children of faculty members and other academic and nonacademic staff members of the Daffodil family and also the children belonging to the local community.

The New School's future will be built on and shaped by our core values: academic excellence, tolerance, and experimentation. These values have always been inseparable parts of our legacy. The New School will prepare students to understand, contribute to, and succeed in a rapidly changing society at the brink of this 4th Industrial Revolution, thus the School will help to create responsible citizens who can make significant contributions to the sustainable development of the society, nation and the world.

GoEdu is an open online education platform that aims to contribute to developing personal and professional skills, abilities and traits of individuals by offering online self-paced courses. GoEdu understands that it is tough for learners to only depend on their academic institutions to fully equip them for their career and profession. GoEdu with its courses tries to create a bridge to cover the gap that lies between the latest industry requirements and the actual skills and knowledge of the professional people and adult learners. Since it is based in Bangladesh, GoEdu focuses on equipping the local professionals preferably with their own language.

Global Health Research Centre (GHRC) is an independent, non-profit organization co-sponsored by Daffodil International University and the Daffodil Foundation. Founded in 2021 on the principle that effective health initiatives must be supported by reliable, evidence-based research, GHRC was created to conduct large-scale epidemiological studies in developing countries. GHRC is seeking world-wide research applications that take an interdisciplinary approach across participating institutions to address research in the different areas. The GHRC is dedicated to advancing the mission of the National Health Research Programs offered by the Ministry of Health and Family Planning.

International Online Universe (IOU) is an open platform for online courses offered by reputed teachers, educators, institutions and organizations worldwide. The platform aims to lower the skill gaps of learners by offering modular skill and application based tutorials and guidelines carefully crafted by global educators and industries.

Daffodil Family is going to establish a medical science university entitled "UNIVERSITY OF TECHNOLOGY AND MEDICAL SCIENCES (UTMS)" at Chandpur in his own premises, where more than 45 acres of land are available with a Seven Storied New Building structure.

The mission of the university is to foster the national development process through the creation of an excellent institution of higher education that is responsive to society's needs, able to develop creative leaders and actively contributes to learning, understanding and creating knowledge.

# Projects of Daffodil Family

Blended Learning Center is the digital teaching and learning hub of Daffodil International University. The platform aims to connect teachers and students effectively allowing teachers to track progress of individual students and better facilitate their learning. As the process of its digitalization Daffodil International University is developing BLC from 2013 and preparing students and teachers compatible to work with this. A strong BLC team is working for the continuous development and training of teachers and students. As a result, Daffodil International University (DIU) had successfully conducted online classes from the start of Covid-19 pandemic using BLC. During the COVID-19 pandemic, the university has successfully completed all academic and administrative activities online and served the majority of its students located in remote locations of the country. Presently the university could successfully accommodate over twenty nine thousand users including students, teachers and administrators, Over 8787 courses are in the BLC platform with a strong cloud based infrastructure and total active students are 21600 (Based on the access on BLC platform in the last one year.

## Smart RFID Card

Twenty-first-century innovation is bringing automation and a chance to improve security and value-added services to the campus. Smart ID cards features such as radio frequency identification (RFID) and education campuses can realize a wide range of benefits such as tightening security, streamlining admission, improving paid services, leveraging technology, improving the quality of learning, simplifying administrative tasks, innovative solutions that automate facilities and streamline campus services.

Smart cards can serve as the foundation for a wide range of applications. Smart ID card-based solutions will implement in DIU phase by phase. Today, more and more libraries are adopting RFID as it streamlines workflow in the area of self service, book issues, book returns, shelf, and inventory management etc. RFID System will facilitate fastest, easiest, most efficient way to track, locate & manage library materials.

# Infrastructure & Resources of Daffodil Family

Daffodil Family has concentrated to ensure an ideal and favorable business and learning environment for research, development and study. To meet this objective Daffodil Family has extended its land and resources in different cosmopolitan areas. We have facilitated our campus and other Business offices with all necessary support services, friendly and approachable staff and other modern resources. We tried to create an environment to make lasting friendships and enjoy everything that one of the best organizations has yet to offer. We are very much concerned about sustainable development issues and planning our infrastructure and resources accordingly.

The campuses of different education wings under the Family have been planned in different cosmopolitan areas of Dhaka City and outside the city considering the facilities, demand for quality education at different levels among the local people. We are steadily expanding our network nationally and internationally.

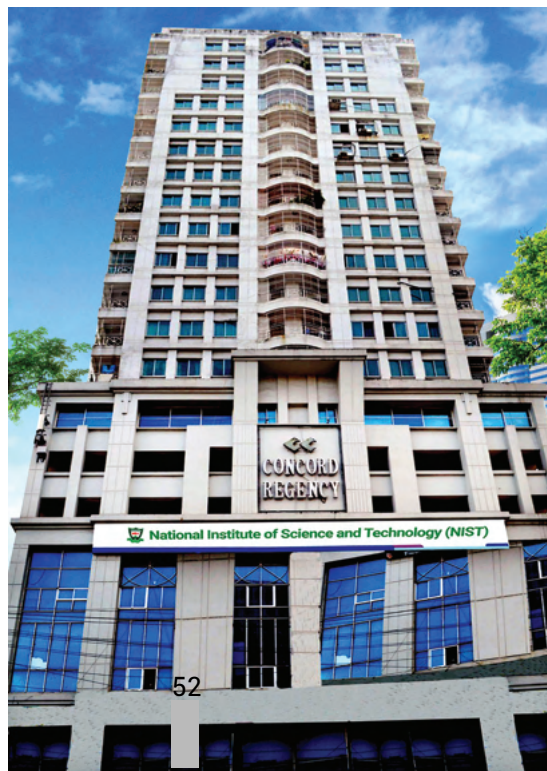

Daffodil International University is listed as the most beautiful campus in Dhaka and attracted all media, won the heart of many students, faculties and so on. It is situated in Daffodil Smart City Ashulia Model Town Savar. The total campus area is about 150 Acre and regularly develops the campus with all modern facilities.

Daffodil International School has also expanded its campus in different areas in Dhaka City and Chandpur area. Daffodil International College has owned a land to expand its operation in Chandpur District at Baburhat Model Town, Bangladesh Skill Development Institute extended its operation in Chandpur in it's own land at Comilla Road, besides Baburhat Filling Station), Daffodil Institute of IT (DIIT) started operation in its permanent campus in Beparipara, Agrabad Chittagong All the campuses have excellent communication links to all parts of the city from where transportations is readily available.

Daffodil Computers Ltd. running it's own set up at 64/4 lake circus kalabagan (6 Storied Building). Daffodil Computer Ltd. also expanded its operation in Chittagong in long back in its own office at Bepari Para DCL also has it's showroom in a commercial building in Agarbad, Seikh Mujib Road. Daffodil Computers Ltd. also has a lucrative setup in Panthapath, near Pan Pacific Hotel.

The group has set up Corporate Office and outlets of Hardware Software products at different posh areas in the city. The Corporate office is situated at 102/1 Shukrabad Mirpur Area. It is a well decorated modern office with a conference room, international communication desk, outsourcing zone, research & development department, software headquarter, etc. The Family has also planned a Corporate Office in Panthapath (Opposite to Bashundhara Mall).

We have land in Dhaka-Chittagong highway and in the Comilla Hilly area (Beside Comilla University) for future projects. Also we have land at Basundhara- Baridhara where some future projects will be implemented. Presently the group has some buildings at different cosmopolitan areas while different concerns are in operation.

## Global Presence:

Global Presence We live in an era of globalization and people are now considered as global citizen. Go Global is the trend today. In order to essence continuously its global presence Daffodil Family has already met the demanding quality standards of its customers in terms of both products and services which derived growth and success in every sector where it stepped. It is the result of our commitment for excellence in everything we do, continuous advancement, innovation and teamwork.

This inspiring success encouraged Daffodil Family for eyeing abroad and going global. Today Daffodil Family is concentrating on their expansion in the international arena and holding its flag beyond Bangladesh shores. Daffodil Family has already started to operate in different countries including USA, UK, Malaysia and Dubai.

## Joint Initiative with International Partners

### Daffodil Japan IT

We encourage joint initiatives to ensure a global environment and attract future leaders from home and abroad to study, learn, and exchange experiences. Daffodil Family has a joint initiative with Daffodil Japan IT in Dhaka and we welcome any collaborative effort with international partners. From the very beginning, DJIT hired professionals who completed their graduation in CSE or IT background and had decent work experience of 2-5 years in IT firms. DJIT trained them according to international standards and posted them in different IT organizations located in Japan. Daffodil Japan IT has sent 15 IT graduates in Japan IT based organizations and 400+ students into different schools or colleges who are successfully continuing their higher education in Japan. DJIT has nearly 30 partner schools/colleges and universities.

[www.sabur.me](http://www.sabur.me)

**Dr. Md. Sabur Khan** is one of the recognized names in the Education and Tech Industry of Bangladesh and beyond. Dr. Khan gave a humble beginning in the ICT business & Education world and created the largest ICT and Education empire of the country. As a serial entrepreneur, Dr. Md. Sabur Khan, Chairman of Daffodil International University (DIU) and Daffodil Education Network (DEN) started his business career in 1990 by an IT startup, naming Daffodil Computers Ltd. the 1st and one of the leading public-listed IT companies in Bangladesh. Later on, he started computer assembling, representing a key reputed brand like HP, Compaq, Microsoft, Intel, etc., introduced the first local brand pc daffodil Pc in 1998, established chain super shop in 1996, started Software development in 1998, and diversified a lot of areas gradually, and entered the education sector in 1997. Today Daffodil Family has 40 sister concerns serving in the IT, Education, Healthcare and Investment sectors of the country.

He has involved himself with a lot of challenges while he was the President of Dhaka Chamber of Commerce and Industry (DCCI), the Bangladesh Computer Samity (BCS), and the Member of Prime Minister's ICT Task Force of the country. The Bangladesh government has awarded Dr. Md. Sabur Khan, with the status of 'Commercially Important Person' (CIP) for his role.

His commitment has attached him as Visiting Professor with a lot of foreign universities. He has been awarded Honorary Professorship, Honorary Doctorate, and Honorary D. Litt from several foreign institutions. He has been conferred with Honorary Fellowship from Said Business School, Oxford University by ABRM for his contribution.

He has established more than Four Dozen of companies where 5000 plus people are working and more than 50000 students are studying in the educational network.

Dr. Md. Sabur Khan has been elected as the First Vice President of the Association of Universities of Asia and the Pacific (AUAP) for the year 2021-2022. According to the AUAP constitution, he will lead this international association as the 17th President in the year 2023-2024. Earlier, Dr. Md. Sabur Khan was elected as the Second Vice President of the Association of Universities of Asia and the Pacific (AUAP) in 2018 and he was highly appreciated for his effort.

World Business Angels Investment Forum (WBAF), the largest Angel investor's forum designated him as the High-Commissioner of WBAF for Bangladesh. In 2020, the World Union of Small and Medium Enterprises (WUSME) nominated him as the Ambassador. Also, he was the Former Director and Chairman, Global Trade Committee in World Information Technology and Services Alliance (WITSA)

Dr. Khan initiated a challenging project to create 2000 new entrepreneurs, wrote & published several books in two languages, and initiated a business incubator, startup, venture capital, Department of Innovation and Entrepreneurship at the university level to promote entrepreneurship. He has also introduced EDF (Entrepreneurship Development Fund) for the students.

He established the 'Daffodil Foundation & Daffodil Institute of Social Sciences (DISS) for the well-being of underprivileged people.

He has led many local leading organizations and associations as well and kept his excellent leadership example too. Dr. Khan has achieved many awards nationally, and internationally. As recognition, he was awarded Nationally & Internationally many times. He got recognition from Honorable Prime Minister Sheikh Hasina at the BCS Digital Expo in 2009 for his special contribution to the ICT industry. He got recognition from Honorable President Abdul Hamid Chowdhury, Late President Zillur Rahman, for his outstanding leadership and effort in different times. Dr. Md. Sabur Khan was known for his academic results too. He has attained his BSc (Hons) and MSc in Statistics from Jahangirnagar University. (1983-1987)
